

AI Movie web site

Main Idea

- AI Movies is to provide a platform where users can watch movie trailers, read reviews. It serves as an online destination for movie enthusiasts to explore, discover, and engage with a wide range of films.
- The main idea revolves around creating a centralized online destination where users can find, learn about, and engage with movies in an enjoyable and informative manner.

Home Page

The home page serves as the virtual front door to the website.

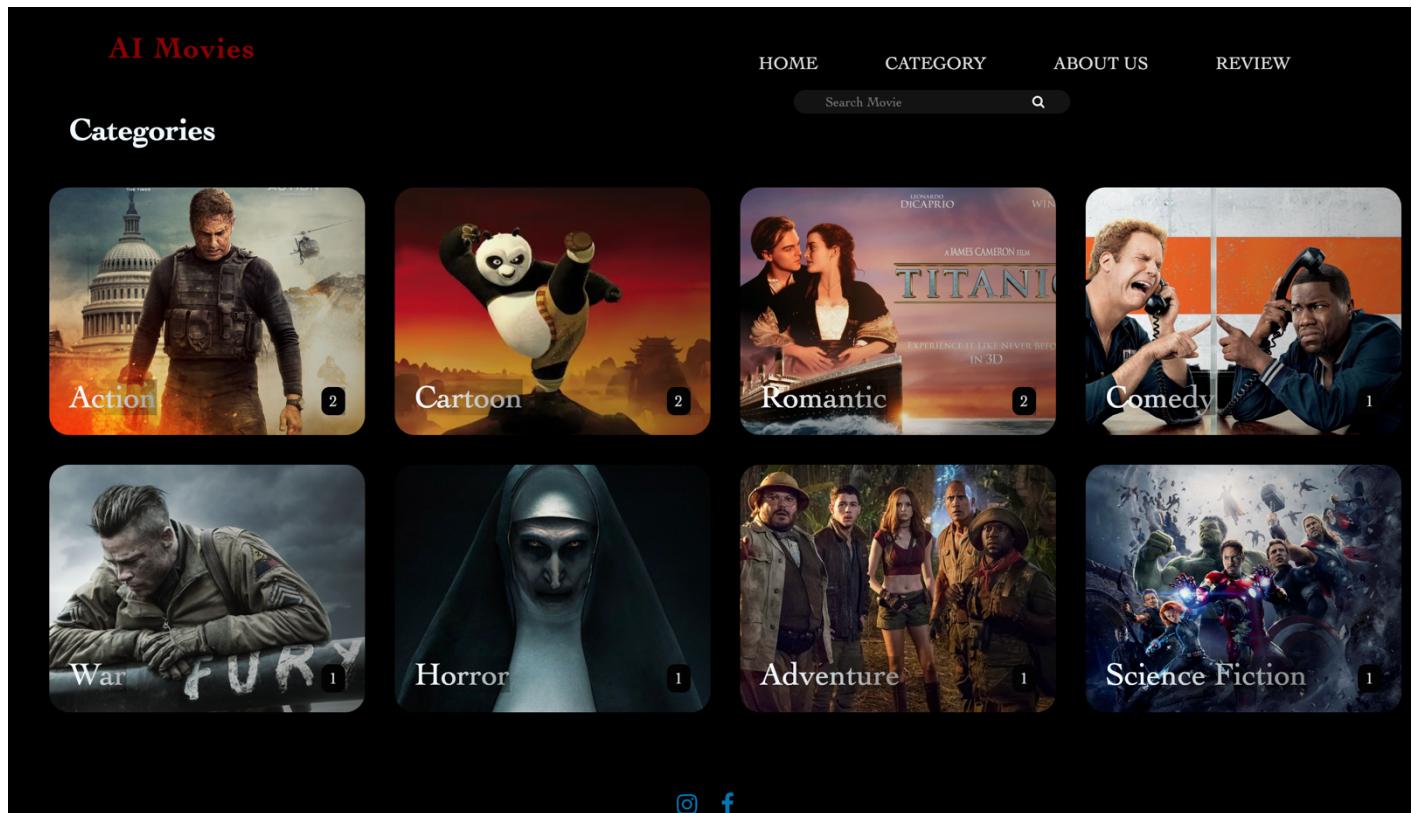

It typically includes the website logo, search button, navigation bar, variation of movie choices.

Navigation and Structure:

A well-designed home page provides clear navigation menus, helping users find their desired information or access different sections of the website.

Organizing content into sections or categories help users quickly locate relevant information or explore different aspects of the website.

Categories

It allows the user to choose different movies from different categories.

About Us

The screenshot shows a dark-themed website for "AI Movies". At the top left is the logo "AI Movies". To its right are navigation links: "HOME", "CATEGORY", "ABOUT US", and "REVIEW". Below these is a search bar with the placeholder "Search Movie" and a magnifying glass icon. A sub-menu titled "About us" is displayed below the main "ABOUT US" link. The main content area features a large, bold, white-text paragraph welcoming visitors and describing the team's mission. Below this, a section titled "Meet Our Team" displays five small profile pictures of individuals.

Welcome to our movie website! We are a team of film enthusiasts who love to share our favorite movies with the world. Our goal is to provide you with the best selection of movies from around the globe, from Hollywood blockbusters to indie hits. We hope you enjoy browsing our collection and discovering new films to love!

Meet Our Team

The five profile pictures are arranged horizontally. From left to right: a woman with long dark hair smiling outdoors; a man with short dark hair wearing a dark jacket; a woman with long dark hair looking directly at the camera; a woman wearing a white headscarf and a pink hijab; and a man with short dark hair smiling.

- The "About Us" functionality on a website is an essential section that provides visitors with valuable information about the organization, its mission, values, and history.

Review

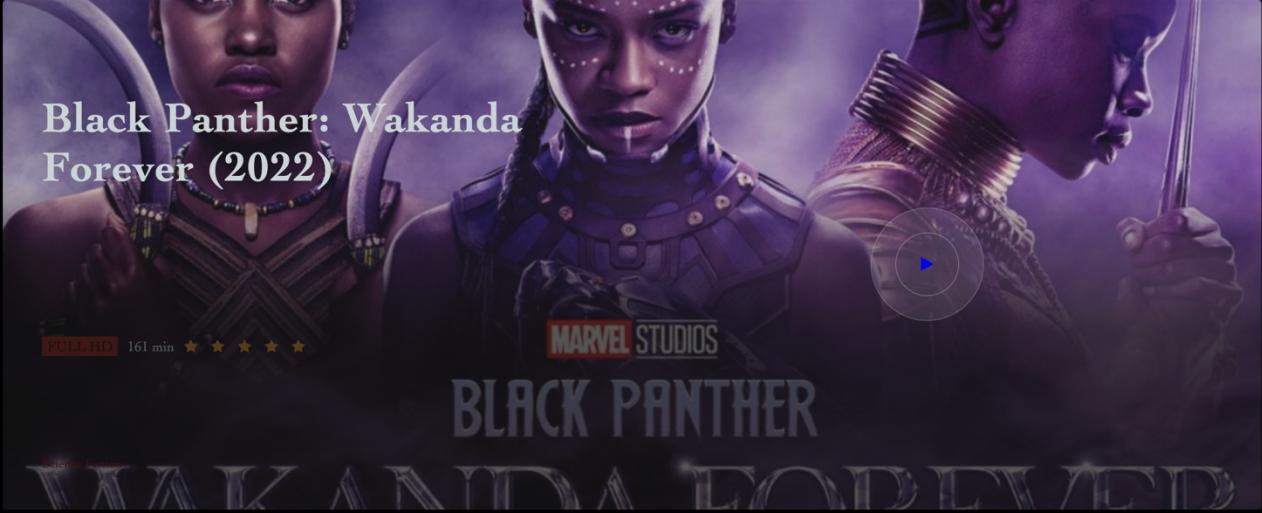

The screenshot shows a dark-themed web application for movie reviews. At the top, there's a navigation bar with the title "AI Movies" in red, followed by links for "HOME", "CATEGORY", "ABOUT US", and "REVIEW". A search bar with a placeholder "Search Movie" and a magnifying glass icon is also present. Below the navigation, the word "Review" is displayed in white. The main content area contains several input fields and a dropdown menu:

- "Enter First name:" followed by a text input field.
- "Enter Last Name:" followed by a text input field.
- "Enter Comment:" followed by a text input field.
- "Enter Movie Name:" followed by a dropdown menu containing "The Lion King".
- "Enter user photo:" followed by a "Choose File" button.
- A "submit" button at the bottom left.

Below the form is a large, empty white rectangular area, likely a placeholder for a preview image or a success message.

- It allows the user to add comments (Review) on a certain movie, and save it in local storage by adding the requirements

Search Functionality

The image shows a movie poster for "Black Panther: Wakanda Forever (2022)". The poster features several characters from the movie, including Shuri, Okoye, and T'Challa. The title "Black Panther: Wakanda Forever (2022)" is prominently displayed at the top. Below the title, it says "FULL HD 161 min ★★★★★". The Marvel Studios logo is visible, along with the text "BLACK PANTHER" and "WAKANDA FOREVER". The website's navigation bar at the top includes links for HOME, CATEGORY, ABOUT US, REVIEW, and a search bar labeled "Search Movie".

Film Description

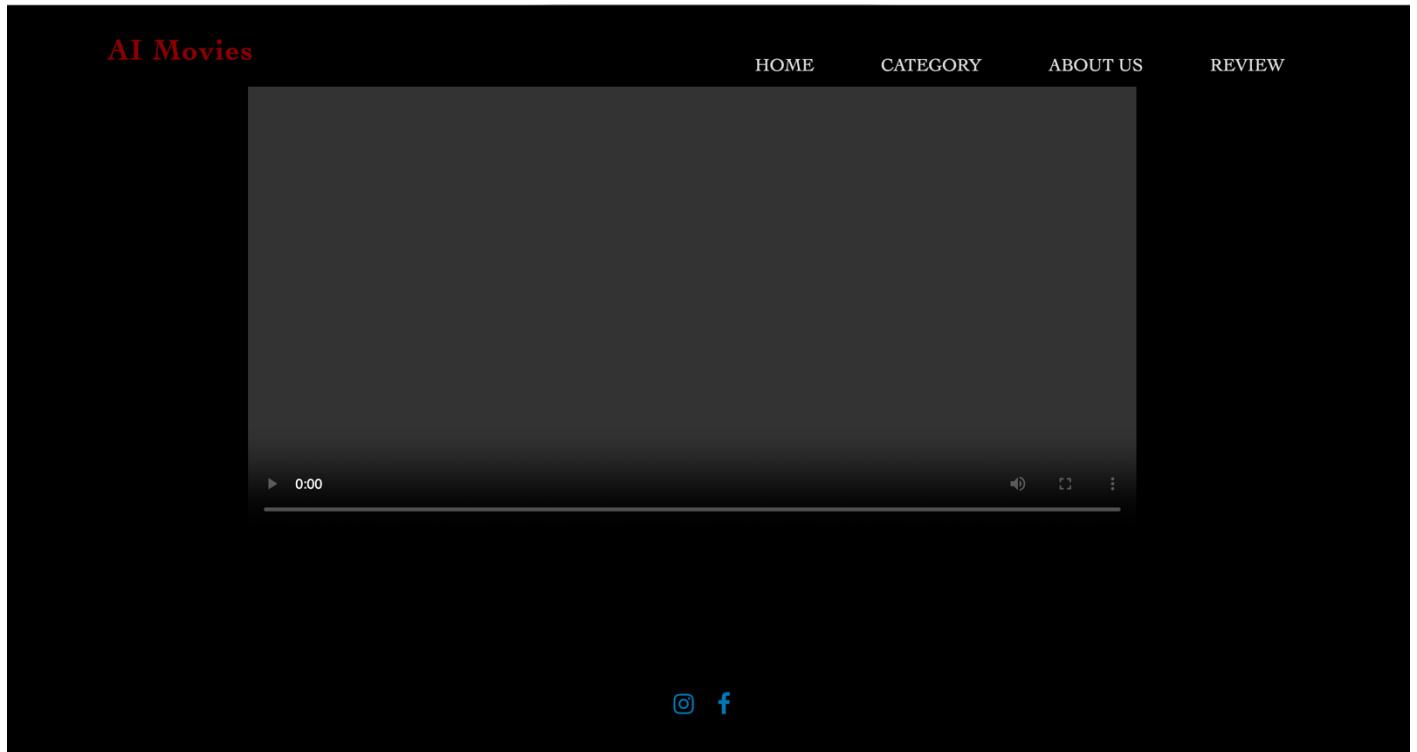

The film follows Elle (King), a quirky, late blooming teenager whose budding romance with high school senior and bad boy Noah (Elordi) puts her lifelong friendship with Noah's younger brother Lee (Courtney) in jeopardy.

- Including a search bar on the home page allows users to quickly find specific information without navigating through multiple pages.
- The search function should be accurate, efficient, and capable of handling various search queries.
- It Allow user to pick different movies form different categories.

The image shows a screenshot of a movie website. At the top, the logo "AI Movies" is displayed in red. Below the logo is a navigation bar with links for HOME, CATEGORY, ABOUT US, and REVIEW. A search bar is located at the bottom right of the navigation bar, with the placeholder text "Search Movie" and a magnifying glass icon.

Video player

The video player functionality on a website is a critical component that enables users to watch videos seamlessly and enhances their viewing experience.

The Used Tools and framework

- **HTML**
- **CSS**
- **JavaScript**
